“Travel Teams”

Mission Statement

Note from Coach Rotanz about the NEW SWR Summer Travel Teams:

I know that there are a lot of different programs available in the summer and I truly believe that playing with the SWR Summer Travel Teams and your SWR teammates will build a stronger program. I feel strongly that the SWR Summer Travel Teams have aided our efforts in every spring season. The SWRHS Varsity championships that we have garnered over the last decade have been achieved through a lot of hard work and extreme effort from parents, coaches and most of all our players. We have one thing going for us and that is each other. We always look to build on the great job that is done by our SWR Community Program coaches in the spring. We will continue to strive to help each individual improve in all aspects of the game. Our coaches are also very aware of trying to improve team play for each group. We also want the kids to enjoy their experience and develop a love for the game. I feel that we are accomplishing these goals and a great offshoot of this is the closeness that our players feel for each other. It all adds up to a very humbling feeling for me. There is a dedication and desire in our program that I do not see anywhere else and I feel that this is the difference maker. Many programs around the area and state are trying to duplicate a lot of what we do in our program. They cannot replicate the intense desire of our players, the expertise and caring of our coaches and the extreme commitment of our parents. I thank you all for making the SWR Summer Travel Teams experience fun and rewarding and you have my word that we are always tweaking things to make it even better.

If you have any questions at all please feel free to contact me at
